

# FOAM CANNON KIT

KABI Foam cannon produces a thick layer of foam that sticks well to the surface, which enhances the effect of the cleaning agent. The foam lifts loose dirt away from the surface, which is then cleaned with water without leaving scratches.

### Adjustment of mixing ratios

Turn the valve for more or less water relative to the detergent.

### Foam spray width

Can be adjusted by turning the nozzle.

### Attach the adapter

And connect your high-pressure cleaner.

The foam lance comes standard with adapters for:

- NILFISK/ALTO
- KÄRCHER K / AVA
- KÄRCHER HD

Other adapters can be purchased.

NILFISK/ALTO

KÄRCHER K  
AVA

KÄRCHER HD  
(NEW)

KÄRCHER HD  
(OLD)

## KABI FOAM CANNON KIT

ARTICLE NO.	KA9200
NOZZLE	ø1,25 mm
MAX. PRESSURE	275 bar (4000 psi)
WATER TEMPERATURE	Max. 60°C
BOTTLE	1 liter

## ADDITIONAL ADAPTERS, CAN BE PURCHASED

KA9200-11	Kärcher K/AVA	KA9200-15	Nilfisk/Stihl	KA9200-19	Bosch/B&D
